# LOVE4THE Streets II

By Jose Silva

On August 30, Oscar with O Segura Promotions along with Mike & William from Ride One Motoring held another show at their facility. This show was focused mainly on pick-up trucks ranging from Chevy Silverado's to Ford Lightning's, SA Trucks and The Bulls came out to show off their beauties. There were trucks from the early 90's all the way up to the new 2014 Silverado. This event was free to spectators; here they were able to enjoy some great music from the DJs (Rewind Thisdayz). The Ride One Staff were grilling Hamburgers and hotdogs. Overall it was a great turn out. I had a chance to speak to Oscar and he did mention he will be planning another event that will be open to Lowriders, imports, trucks, etc.
