GREDDY CARB LEGAL S2000 TURBO KITS

Greddy has just released an updated version of its bolt-on turbo kit specifically for the newer 2.2-liter, drive-by-wire S2000. Just like the company's '00-'05 S2000 kits, they are 50-state legal. These come with all the necessary basics: manifold, turbocharger, downpipe, intercooler, piping, injectors, plug-n-play ECU, air filter and heat-shields.

HKS T62R TURBOCHARGER

HKS turbocharger units are designed and built specifically to be performance oriented. Recently released by HKS as its 35th anniversary model, the HKS T62R features a polished compressor housing with a titanium center plate. Rated to 1,100 hp, the T62R is currently the largest turbine manufactured by HKS and has a full ball-bearing center cartridge.

SAMCO SPORT SILICONE INTERCOOLER HOSE KIT

Samco Sport makes high-quality silicone intercooler hose kits for EVO 8/9/10, WRX/STI, S13/S14, 300ZX, Skyline R32/33/34, GTR R35, FC/FD RX-7, SRT-4, Supra and MR2. Superb integrity and superior performance reduce the risk of component failure and enable higher temperatures and pressures to be maintained with complete confidence.

STILLEN 350Z/G35 SUPERCHARGER

The foundation of this kit is the same twin-screw, positive-displacement supercharger used by OEMs around the world for its excellent peak and low-end power. The internal high-efficiency air-to-water intercooler greatly reduces inlet charge temperatures. These ship with all the necessary parts, including an electronic control box set for your vehicle.
